## PENNYWISE

SPECIES	Indica
LINEAGE	Harlequin x Jack the Ripper
AROMAS	Coffee, Citrus, Sweet

THC	6-12%
CBD	5-11%

Pennywise is a naturally CBD-rich strain, known for its balanced ratio of CBD to THC. This indica-dominant plant is the laidback love child of CBD-rich Harlequin and high-THC Jack the Ripper, bringing you the best of both cannabinoids with a calm yet upbeat profile.

The flower delivers earthy, coffee-like aromas and a sweet inhale with notes of sour citrus from dominant terpenes myrcene, guaiol and terpinolene. The plant produces tightly packed buds with striking olive-coloured leaves and burnt orange pistils under a cover of milky trichomes.

POTENCY	THC 6-12%   60-120 mg/g CBD 5-11%   50-110 mg/g	TERPENES	Myrcene, Terpinolene, Guaiol
