

PURE SUNFARMS™

Pink Rhino

HITS LIKE A HERD

Pink Kush
White Rhino

INDICA | 25-31% THC

HONEY

EARTH

GAS

Pink Rhino is a cross of everyone’s favourite Pink Kush and old school legend White Rhino. Our growers have brought together two iconic parents to deliver a new candy-like kush that’s got it all: potency, dense sticky nugs, sweet aromas of sugary honey and classic kush notes of earth and gas from dominant terpenes linalool, myrcene, limonene. The plant produces cakey light green nugs that are naturally super tight and thickly coated in sugar from top to bottom.

POTENCY THC 25-31%
LINEAGE Pink Kush x
 White Rhino

TERPENES Linalool, Myrcene,
 Limonene

AROMAS

Honey

Earth

Gas
